Edited by Douglas A. Vakoch

Ethnocentrism in social science and anthropology—as well as in colloquial English discourse—means to apply one's own culture or ethnicity as a frame of reference to judge other cultures, practices, behaviors, beliefs, and people, instead of using the standards of the particular culture involved. Since this judgement is often negative, some people also use the term to refer to the belief ...

Origins and Overview . The concept of cultural relativism as we know and use it today was established as an analytic tool by German-American anthropologist Franz Boas in the early 20th century. In the context of early social science, cultural relativism became an important tool for pushing back on the ethnocentrism that often tarnished research at that time, which was mostly conducted by white ...

Cultural Relativism Definition and Examples

Philosophy (from Greek: φιλοσοφία, philosophia, 'love of wisdom') is the study of general and fundamental questions, such as those about reason, existence, knowledge, values, mind, and language. Such questions are often posed as problems to be studied or resolved. The term was probably coined by Pythagoras (c. 570 - c. 495 BCE). ...
