My Bmw Says Service Engine
The "Service Engine Soon" light in your BMW is similar to a "Check Engine" light in other cars. Your car has a computer which runs diagnostic tests while your car is running. If something comes back faulty or negative, the light comes on.

The Meaning of the "Please Service Engine Soon" Light on a BMW
If your BMW check engine light (or service engine soon light) stays on it means that the Onboard Diagnostic System (also known as Digital Motor Electronics DME) has detected a problem with the emission system, engine, or transmission. BMW check engine light may come on due to something as simple as a loose gas cap but it can also be an indication of an expensive engine or transmission problem.

BMW Check Engine Light On | Common Problems | YOUCANIC
If your BMW is equipped with the latest iDrive System, From the main screen, scroll to 'Vehicle Information', then 'vehicle status', and then 'service required'. From this menu, you will be able to scroll through a list of options including things like 'engine oil', 'vehicle check' , and 'front brake pads'.
